

**POSTAGE SERVER SYSTEM AND METHOD****ABSTRACT OF THE DISCLOSURE**

A system and method for transmission of a document from a sending location to a receiving location by way of a trusted way location is disclosed. A selected document is physically or electronically transmitted by a sending location to a letter server operated by a delivery service. A confirmation of transmission of the document is provided the sender by the delivery service. Thereafter, the letter server reproduces the document in original quality, accompanied by any necessary items such as a delivery container and/or delivery instructions. The delivery service then delivers the reproduced document such as through electronic delivery or inducting the reproduced document into its delivery paradigm for physical delivery to the indicated recipient.
